Habitat for Humanity Board Members: Joanne Gannaway, Carol West, David Bass, Michael Nesbitt and Wesley Rigby - and Charlie Ing, Director of Legislative Affairs, Toyota.

On May 10, 2004 Dana Corporation hosted a Toyota Community Connection event at its driveshaft assembly plant and joined with Toyota to donate \$15,000 to Smith County Habitat for Humanity. The event included opening remarks from U.S. Representative Bart Gordon and executives from Dana and Toyota, a luncheon, and a tour of Dana's Gordonsville, Tenn. facility.

"Both Dana Corp. and Toyota are good corporate citizens that not only provide good jobs to our communities, but also support worthy causes," Gordon said. "I commend them for this generous donation to the Smith County Habitat for Humanity."

"Dana has always been committed to staying involved with the community," said plant manager Steve Eisenhut. "I am just happy we could join our efforts with Toyota to support a local organization dedicated to helping people attain something they may have only dreamed of."

Dana Corporation is a global leader in the design, engineering, and manufacture of value-added products and systems for automotive, commercial, and off-highway vehicles. Delivering on a century of innovation, the company's continuing operations employ approximately 45,000 people worldwide dedicated to advancing the science of mobility. Founded in 1904 and based in Toledo, Ohio, Dana operates technology, manufacturing, and customer-service facilities in 30 countries. Sales from continuing operations totaled \$7.9 billion in 2003.
