During a ceremony on September 12, 2003, ExxonMobil and Toyota teamed up to announce a \$20,000 gift to Habitat for Humanity.

The grant will help fund the future home of Yvonne Bessie and her two sons, Quincy and Michael. Ms. Bessie participated in the ceremony by placing the first nail into their future home.

"It is in the spirit of giving that companies such as ExxonMobil, Toyota, Cargill and Enterprise join with us to provide decent and affordable housing for those in need," said Donna Carville, Habitat Westside Committee Chair.

"ExxonMobil and its team members are proud to partner with Toyota to contribute to the Habitat for Humanity," said Steven Pierre, Plant Manager, Exxon Mobil Port Allen Plant. "Serving the needs of the communities that we do business in is a priority for our company."
